ACCIDENT CAR

A typical policeman type feels stifled emotionally so they want others to feel that way too. They want to get back at society for doing this to them. That is one reason they covered up & would not let photographers take pictures of the Princess Grace & Stephanie accident car. They also tend to be bullies. This gives them their chance to bully the public. The police might act & talk as if they are protecting the royal families privacy instead.

People need to see those things for the same reason they need to see someone dead in their coffin. It helps the people realize the person is dead & not coming back. If people cannot see the dead body they assume all sorts of things could have happened instead. We need to resolve these things in our minds & seeing pictures of them helps. Thank you National Enquirer for doing this for us. PRINCESS STEPHANIE born 2-1-65

Confidence 10 (13%)
Emotional 22 (57%)
Mental 8 (51%)

Stephanie lacks self esteem (13%). When someone accuses others of a wrong doing in her presence, she will feel guilty even if she had nothing to do with it. She will feel guilty over the death of her mother, Princess Grace of Monaco, just because she knew her & the fact she was in the same car will compound the feeling of guilt. This is a terrible tragedy for Stephanie.

Stephanie is one who naturally cares about people & things & she wants to please (#22 emo.).

Stephanie & Grace were only 7% emotionally compatible.

Because Stephanie could not really love her mother that would compound her guilt.

PRINCESS CAROLINE

Caroline is very much like her mother Princess Grace (80% alike), except Caroline is not a combination parent-humanitarian type like her mother was. Caroline is a humanitarian.

Caroline is aggressive (88% mental) & loves being in control & will be pleased to take over her mothers duties. Caroline caused her mother so much trouble because she wanted to be in control herself & now she will be. Her father Prince Rainier does not like to control (3% mental).

PRINCE ALBERT born 3-14-58

Confidence 19 (65%)
Emotional 18 (29%)
Mental 16 (3%)

Albert was born shy but gains confidence as he matures (65%). He is a natural child who needs more attention than the average (#18 emotional) & would enjoy being in the public eye once he gets over his shyness. He would solve problems the way a child would. He is a born actor & would be attracted to that type.

Albert is not aggressive & like his father, Prince Rainier, does not want to control or be controlled (3% mental).

Albert would be a good talker & will be able to talk people into or out of things for his benefit. He will put himself first. He needs to be careful about getting involved with things that are not on the up & up. (continued on page 2)

BIORHYTHM CHARACTER ANALYSIS & COMPATIBILITY is used in this newsletter. The newspapers say what happened, THE TRUTH tells why. Each day has its own set of biorhythm numbers. They tell of true character just as astrology does. This is much simpler. To do a chart that shows the ups, downs & critical days, another set of numbers would need to be added to the personal numbers.

Teenage boys are getting one ear pierced. They think that is macho. What is macho about that? Women have had pierced ears for centuries.

Ruling is not a job for him but it is perfect for Caroline. This could be the time to let the first born take the throne. It would be best for Monaco. Caroline could carry on like her mother.

SAGITTARIANS - think positive!

For the next several years you will be in cycle which brings retrospection. Don't fall into the pit of self-dispair & dispondency. Do not enter into projects that require extended periods to complete. Rather concentrate on completing long-standing projects. Finalize the past.

ALFRED BLOOMINGDALE

born 4-15-16

Physical & confidence 9 (22%)

Emotional 10 (29%)

Mental 12 (27%)

Bloomingtondale was an executive but this was not natural for him. He was a good talker (all low percentages). Selling would have been his joy.

Bloomingtondale was thrust into a position of authority that was not right for his personality. This means he had to relax & get away from doing that when he could.

Bloomingtondale got himself a mistress not because he was sexy, he was not (22% physical). He was a romantic. Romance goes out of marriage & he needed that to survive.

Bloomingtondale was into bondage because it made it possible to let someone else be in charge for awhile. He could completely give himself up to the charge of another. He used to do this with his mistress.

Bloomingtondales sense of humor was a teasing type (#10 emotional), a bit sadistic by some standards so it is no surprise he could go for bondage. He was a martyr (27% mental) & could take a lot of abuse. He would seek trouble if it did not come to him naturally. Even tho he would seek something that would cause him trouble his low confidence (22%) would make him afraid to go after something dangerous.

Have your own character analysis done or order some for gifts. Makes an unusual and inexpensive gift. See order form, page 3.

In Russia, the medical field is low paying because it is dominated by women.

At least 500 of your flyers can be mailed with THE TRUTH newsletter for 3½¢ each (\$17.50)

CORPORATE POLITICS VICTIM?

Mary Cunningham was given a job as vice-president for strategic planning in The Bendix Corporation because Bill Agee a chairman of Bendix & boyfriend of Mary, loves her and wanted to do something for her. This was not a wise thing to do. He was blinded by love. She is not a victim of corporate politics.

Mary 9-1-51/Bill 1-5-38

Confidence 13 (13%) 9 (22%)

Emotional 24 (71%) 27 (93%)

Mental 26 (58%) 30 (82%)

They are 65% physically, 79% emotionally, 76% mentally compatible. They are overall 73% alike. 60% and up is good.

They are physically attracted (65%). They love one another (79%) & talk things over and hear one another (76%). They are better together than the average.

Mary was not meant to be an executive. She writes speeches for Bill (58% mental). She has a need to have people hear her but she does not need power like Bill does (82% mental). She would not be happy being an executive.

Both lack confidence (13% & 22%). Mary would try to cover it up so she could get people to listen to her. Bill would try to cover it up to gain power. He could not get power if people know how insecure he really feels inside.

Both care about people and things (#24 & 27 emotional). They are pleasers & would have trouble saying no to those

they care about. They both would feel more comfortable around people who are much younger than themselves. When Mary gets older she might go with much younger men.

Both are natural loners & are possessive. All of this publicity would be very hard on them because they need their privacy.

Mary resigned her position as Vice-President. She did not fight for her job. She can not handle the trouble this publicity was bringing.

JOHN Z. DE LOREAN was arrested 10-19-82 on charges to distribute cocaine. The U.S. Government maintains he hoped to raise \$60 million thru the sale of cocaine & heroin to save his bankrupt sports car factory in Northern Ireland.

DeLorean lived a flamboyant, jet-setting life style.
Born 1-6-25

Confidence & stamina	18 (57%)
Emotional	14 (0%)
Mental	25 (51%)

De Lorean is a combination child-social-reformer-humanitarian (#14 emotional). He is wrapped up in his wants like any child would be. As he got older he would get some of the excessive attention he needs by

seeming to be a humanitarian. Humanitarian types have tunnel vision & can see only what they are focusing on. He cares mainly about himself. He would be a good talker & could talk people into doing what he wants.

He needs to be heard (51% mental).

NUMEROLOGY - FIRST VOWEL combinations.

AI... Ambition and inspiration. This personality can see large-scale plans & then proceed to accomplish them. There is a possibility of great illumination. Keep emotions in balance & be decisive.

AU... Aspiration & unnerving confusion.

Use the forcefulness of the A to direct the intuitive but often pleasure seeking U to overcome inactivity. This drive can be used for good creativity.

AY... Ambition may be diluted. Y's knack of indecision. There is material success indicated but this could be weakened. Keep faith in your mental & strongly aspected intuitive traits to overcome insecurity & inferiority which you tend to hide.

HOGWASH

The government says the volunteer army has gone up and drafting will not be needed for the next 5 years. They said it was patriotism that did it not the recession.

We all know that is not so. We are being talked to like children because President Reagan is a natural parent.

Biorhythm character analysis shows those who need power (high mental percentage) will say or do anything to get control.

REINCARNATION RESEARCHERS

The one thing these 3 people have in common is their thinking. Dick Sutphen (39% mental), Brad Steiger (39% mental), Irene Hamlen Stephenson (21% mental).

The mental is not the intelligence, it is the logic, the way we think & hear things.

These 3 people are martyrs. Martyrs are attracted to the unusual. They love to do and say things to shock.

Martyrs do not want to be controlled & yet they will do & say things to get those in authority to come down on them. A typical clergyman/policeman/politician type are ones who have to be in control. They need power over others. The martyr does not want to be controlled & yet they will attract it by being outspoken. The martyr calls it "being honest." A martyr can take more abuse than the average. Martyrs are good at seeing the details of something. They are good at research work.

We all have our own TRUTH.

GLORIA VANDERBILT born 2-20-24

Confidence 17 (48%)
Emotional 27 (93%)
Mental 16 (3%)

When Gloria was a child in the 30s, there was a big court battle over her custody. Her mother needed Gloria's money to live her high life style but she did not pay much attention to her daughter & let others raise her.

The 1930s were hard times with a lot out of work. Rich children were being kidnapped for ransom. Gloria heard & read about these kidnappings. This resulted in night-

believe she could be wrong about anything (3% mental). Once she has made up her mind to something she is likely to stick with it even if it does her great harm.

Gloria is naturally paranoid. This means she naturally distrusts. She would feel people were out to get her even if they were not. A person is naturally paranoid if they have 40% or more difference between a high emotional and low mental. She has 90% difference. This is so high she would be very distrustful.

Today, Gloria Vanderbilt is in the designer Jean & fashion business.

Biorhythm character analyses make unusual gifts. See order form, page 3.

STOP ABORTIONS - If abortions are to stop or almost be eliminated it would be necessary to not criticize any woman for becoming pregnant no matter how it happened or by whom. We would have to make it easy for her to give up her baby & not think or speak ill of her.

The new RIGHT should be called the new WRONG.
